## TO HEAR EXCEPTIONS

Railroad Commissioners Will Hear the Protest of Railroad Companies Today.

## AUDITOR AYER WAS INDIGNANT

Says no One But Himself Had Any thing to do With Writing the Populist Call for a Convention—Populists Favor Senator Butler—Dr. Mott Confers With Gov. Russell.

Raleigh, N. C., March 14.—(Special.)—Railroad Commissioners Caldwell and Pearson arrived yesterday. The former spent some time with the Governor. He called a meeting of the commissioners at noon today. It was stated that this would be entirely for routine work. To-morrow the commission will hear the exceptions of the three systems of railways to the reduced rates of passenger fares. Your correspondent interviewed Commissioner Pearson about this matter. He said: It all depends upon the showing the railways make to-morrow. No outside agencies will have no influence with me. I do not know what sort of a showing the roads will be able to make.

To-morrow is also the time set for hearing the matter of reducing express rates on fish. The express officials notified the commission they could not be present, but the fish dealers will be on hand. The express people will be given a hearing later.

It is known that the new executive clerk to Governor Russell is named Park. He is a kinsman of the late Governor Fowle and also of Mrs. Fitzhugh Lee. He is quite a young man, and was here about a month ago.

A leading Republican was my informant that J. C. L. Harris made some suggestions regarding the call for a conference of Populists here day after to-morrow. Auditor Ayer is very angry at this statement, and wants to find out who the informant is. He declares the latter to be "a contemptible liar." Ayer says he wrote the address, carried it around and obtained the signatures at the request of a confederate, which was held by his office two weeks ago. He says further: "Nobody but myself and those who signed it ever saw it until it was issued." What makes him angry is the statement that Republicans are looking after Populist affairs.

Dr. J. J. Mott, the well known Republican-Populist silver politician, who is one of the sharpest in the State, came here yesterday and went immediately to the Governor's mansion, where he and some others, who came here, declined to give him a conference with Governor Russell. Dr. Mott declined to be interviewed, but said the mass of the Populists are with Senator Butler. In fact, over seven-tenths of them. This negro question he regards as important, and believes that what he terms the "old aristocratic element," could, if it would, manage the negro voter better than any other. He is a devoted friend of Governor Russell, and respects the Republican criticism of the latter.

V. S. Yusk, of Asheville, passed here yesterday on his way east to try to procure more evidence to defeat H. G. Ewart's confirmation as judge.

The Washington Post, in its almanac for 1898, puts Governor Russell down as a Democrat. That is, of course, correct, though he was up to 18 months ago, he was a Republican. But the Post almanac ignores Auditor Ayer entirely. It puts down J. Ruffin Henderson as Auditor. Henderson is the Republican who was nominated for Auditor, but who was paid \$200 by the Republican State Committee to withdraw in favor of Ayer.

There was a good rain, greatly needed. What amounted to a drought had begun. So far the year has been very dry. Indeed.

Judge Purcell says he hopes Ewart will soon be confirmed as United States judge, as otherwise, under the provisions of section 863 of the Revised Statutes, it will be his duty to hold the courts in the Western District, until a judge is appointed and confirmed.

Under the natural order of things the

The other day a New Yorker started across Broadway. He was in the heyday of ambitious, vigorous youth. A puff of wind blew an insignificant, almost invisible atom of dust in one of his eyes. It blinded him. He clasped his hands over his eyes and staggered on, only to be run down and killed by a cable car. That man's death was due to an insignificant trifle, an atom of dust that was barely visible under the microscope. It is thus with health. Men find that they are suffering from a trifling disorder of the digestion. It doesn't amount to anything, they think, and time is precious. They don't stop to correct it, but stagger blindly on and are run down in the heyday of ambitious youth by death.

Neglected indigestion is the first cause of all manner of wasting diseases and all forms of nervous disorders. Dr. Pierce's Golden Medical Discovery cures all disorders of the digestion. It invigorates the liver, imparts a keen, hearty appetite and causes the life-giving elements of the food to be perfectly assimilated. It purifies the blood and builds healthy tissue. It is the great blood-maker, flesh-builder, and nerve tonic. It cures consumption, wasting diseases and all disorders of the nerves.

"I was a sufferer five or six years from indigestion," writes H. F. Holmes, of Gaffney, South Carolina. "I then used Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets,' which in a few days gave me permanent relief."

"The People's Common Sense Adviser" explains every ailment common to every family, and suggests remedies. It has several chapters on woman's diseases and weaknesses. An edition in heavy paper covers will be distributed absolutely free. Send the World's Dispensary Medical Association, Buffalo, N. Y., 21 one-cent stamps, to pay the cost of mailing only. Cloth binding may be had for 31 stamps.

## IN THE COCADE CITY

A Graphic Letter from the Scene of the Maine Disaster.

WRITTEN BY A SAILOR AT KEY WEST

Rev. A. J. Fristoe Resigns as Pastor of the Second Baptist Church—Rite of Confirmation Administered—Trunk and Bag Company Charters—Ammunition Passing Through.

Petersburg, Va., March 14.—(Special.)—A gentleman of this city has received a letter from one of the sailors aboard one of the battleships off Key West, in which he says in part: "I think the naval board of inquiry will find that the cause of the explosion was, as the papers have stated, from the outside. If they have not ascertained the cause by this time they never will, as the whole ship is being covered by the soft mud at the bottom. She is sinking a foot each day. I don't think you will ever see her afloat again. Our divers are still working on her, but the bodies are in such a bad state that they cannot be identified. . . . We have not had any divine service for a month. We are all getting tired of remaining here in one place. There is not much to eat here except fish. Our whole crew are fishing each afternoon, and some large fish are caught, but we are sick of fish now. The four small ships are in the inner harbor, and all of them are coaled, but I hope the department will not send any of them to Havana, as I think it would be a foolish thing to do at this time. I am glad to see there is much patriotism left in our people, and that they are united with a small indemnity. It should be for a sum old Spain cannot pay, and we should swipe everything they have until we are satisfied."

At the morning service at the Second Baptist church yesterday the Rev. D. L. Fristoe, who, as stated in this correspondence, has accepted a call to the pastorate of the Central Baptist church in Chattanooga, Tenn., under his resignation to his congregation, which was accepted. The resignation takes effect on April 16th next.

Bishop Randolph preached and administered the rite of confirmation at Grace church yesterday morning to thirty persons. Among those confirmed was Mr. Samuel H. Marks, who, a few days ago, celebrated his 90th birthday. At night the bishop preached and confirmed a class of eight persons at the church of the Good Shepherd Memorial to Blandford.

The regular monthly meeting of the Baptist Sunday school Union Association was held at the Baptist church at Ettrick, Chesterfield county, yesterday afternoon. The reports submitted showed the schools to be in a good condition. A meeting of all the Epworth Leagues of Petersburg will be held at Market Street M. E. church to-morrow night for the purpose of perfecting an Epworth League Union.

Judge J. M. Mullin, of the Hustings Court this morning granted a charter of incorporation to the Virginia Trunk and Bag Company. The purposes for which the company is formed is the manufacture and sale of trunks, traveling bags, valises, satchels, boxes, novelties, and all other articles that can be manufactured of wood, leather, paper or other substances. The capital stock of the company is to be not less than \$10,000, nor more than \$25,000, divided into shares of \$100 each, and real estate to the value of not over \$20,000 is to be held at any one time. The officers for the first year are: H. L. Plummer, Jr., president; Thomas H. Woody, vice president; Charles D. Witherspoon, secretary and treasurer; Directors, H. L. Plummer, Jr., Thomas H. Woody, C. D. Witherspoon, Augustus Wright and L. F. Fugate.

Four car loads of munitions of war, including two large cannons, passed through Petersburg last night, over the Atlantic Coast Line for some point in Florida.

Judge Mullin today appointed Messrs. T. S. Hooker, P. C. Hoy, M. L. Hubbard, Bartholomew and Robert W. Dehaven commissioners to assess damages in the condemnation cases of the Richmond, Petersburg and Carolina Railroad company, against the Southside Manufacturing company, the upper Appomattox company and several individual parties. These commissioners will meet on the 16th instant at the office of the Southwest Manufacturing company.

There was a heavy rain this morning. Fresh fish were plentiful in the market yesterday. The price of herrings went from 20c per dozen to 12c. They started at 15c and 20c, in the morning and down to 12c in the afternoon. At night they went to 15c.

## Elbow-grease

(with a little soap) used to be the thing to clean house with. Now-a-days it's Pearlina. Pearlina is easier and quicker and better than elbow-grease. One reason why millions of women prefer Pearlina, rather than anything else, in cleaning house, is that it saves the paint and woodwork. But the principal reason, of course, is that it saves so much work.

## Beware

Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearlina." IT'S FALSE—Pearlina is never peddled; if your grocer sends you an imitation, be honest—send it back.

JAMES PYLE, New York.

There is a circular gallery. The hull is painted red, with "San Francisco Harbor" & large white letters on each side, and "70" in white on each bow. During thick or foggy weather a 12-inch steam whistle will sound blasts of two seconds' duration, separated by silent intervals of 13 seconds' duration.

The approximate geographical position of the vessel, as taken from chart No. 5,581 of the United States Coast and Geodetic Survey, is: Latitude, north, 37 degrees, 44 minutes, 27 seconds; Longitude (west) 122 degrees, 43 minutes, 00 seconds. Bearings of prominent objects from the proposed position of the vessel, as taken from the above named chart, are: Bonita Point Lighthouse, N.E. & E. 1/2 E., 11 miles; Cliff House, N.E. by E. & E., 11 miles; Ocean Side House, E.N.E. & E., 11 miles; Tammen to Ballenas Point, N. by W. & W., 11 miles.

San Francisco Outside Bar Whistling Buoy.—On the same date this buoy, black and white perpendicular stripes, and marked "S. F.," located about 2 1/2 miles N.E. & E. from the proposed position of the vessel, will be permanently discontinued.

Bearings are magnetic and given approximately; miles are nautical miles.

A STYLISH DRESS, CONSISTING OF A RUSSIAN SHIRT-WAIST AND A FOUR-GORED SKIRT.

The never ending interest in dress keeps designers ever on the alert to devise novel and becoming modes and the variations of the Russian style have certainly much to commend them. The dress illustrated consists of a Russian shirt-waist and a four-gored skirt. The mode is taken from the last number of *The Delinctor*. The material selected for the dress is a new shade of blue cloth with a lustrous surface and the decoration increases the beauty of the whole, insertion, lace edging and gimp being combined. The waist is covered in lattice style with the insertion and closes in correct Russian fashion at the left side under a frill of lace edging. A belt of velvet surrounds the waist, being closed with a handsome buckle, and the side-front seams of the four-gored skirt are covered with gimp and lace edging put on in frill style. The skirt has a moderate flare at the bottom and falls in full folds at the back.

Specimens prepared for us by The Butterick Publishing Co. (Limited).

The material selected for the dress is a new shade of blue cloth with a lustrous surface and the decoration increases the beauty of the whole, insertion, lace edging and gimp being combined. The waist is covered in lattice style with the insertion and closes in correct Russian fashion at the left side under a frill of lace edging. A belt of velvet surrounds the waist, being closed with a handsome buckle, and the side-front seams of the four-gored skirt are covered with gimp and lace edging put on in frill style. The skirt has a moderate flare at the bottom and falls in full folds at the back.

Specimens prepared for us by The Butterick Publishing Co. (Limited).

Consists of a Russian shirt-waist and a four-gored skirt. The mode is taken from the last number of *The Delinctor*.
